

Mediterranei

- GAME association is an autonomous network inside the RMEI (the network of Mediterranean Engineering Schools)
 - ✓ RMEI is a group of more than 70 engineering Mediterranean universities
 - ✓ Its target is to promote education and innovation among Mediterranean
- Here is a map of Mediterranean countries with GAME students :

If you are in a country without GAME students, don't hesitate to contact us by Facebook or email and enter the GAME network!

And if you study in a country where there are already some GAME students, don't hesitate to contact the desk of your nation at the e-mail address [game."name_of_your_country\(in_English\)"@rmei.info](mailto:game.)

We need you !

The goals of GAME

- The main targets of GAME are :
 - ✓ To create a **Mediterranean youth** aware of the future challenges of the area
 - ✓ To think about Mediterranean from a new point of view

This is Mediterranean ! (if you are sceptical, turn the paper !)

- ✓ **Mobility** around Mediterranean : more exchanges proposed to GAME students
- ✓ To reach a close cooperation and a continuous promotion of **student initiatives and projects** among Mediterranean engineering universities
- A federative meeting : **Michelangelo workshops of Civitavecchia**
 - ✓ During 2 or 3 days, all GAME students are invited to present their projects to the entire network
 - ✓ This meeting is a rich moment of share, exchanges between students who come from all around the Mediterranean
