

## ECOLE POLYTECHNIQUE - INTERNATIONAL EXCHANGE PROGRAM

The procedure for international admissions to the “Ingénieur Polytechnicien” curriculum at Ecole Polytechnique (year 2012) begins now. It is aimed at international students having achieved two to three years of undergraduate studies in Science or in Engineering, with outstanding results in Mathematics and/or in Physics.

You will find at the end of this message links to a poster and a short brochure describing this program and the international admission process.

Additional information can be obtained at <http://www.polytechnique.edu>

or by e-mail at [international-v2@polytechnique.fr](mailto:international-v2@polytechnique.fr)

On-line applications are now open and available at:

<http://www.admission.polytechnique.edu/home/ingenieur-polytechnicien-program/how-to-apply/>

Links to poster and brochure in English:

<http://www.admission.polytechnique.edu/home/ingenieur-polytechnicien-program/>

**The DEADLINE for on-line applications is on OCTOBER 1st, 2011.**
